Year 4 Dolphin Watch Excursion

Mr Harrison must have known something when he organised the Year 4 excursion to Jervis Bay on Monday because the students were treated to blue skies, crystal clear, calm waters and dolphins galore. It was an exceptional day with some exciting and varied activities including the Dolphin Watch cruise, a visit to the Lady Denman museum, a mangrove walk, viewing many fish in the local pond and finally having Laddie Tymbery show his prowess with a boomerang. Having the volunteers from the Lady Denman museum comment on how well behaved and interested MPS students were as they toured through the museum is a credit to our children. A fantastic day was had by all!

Recount

“On Monday Year 4 went on an excursion to the Lady Denman Museum and a Dolphin Watch. We had to come to school at 8:30 but it was definitely worth it. First, we got on a really fancy bus with seatbelts and footrests and went to Huskisson for our Dolphin Watch. We saw about many dolphins, including a cute baby one and they were really close to the boat! Lots of people were taking photos. Following that we went on the bus to the Lady Denman Museum and had recess outside the museum. After recess we split into groups and went in the museum. We saw the Lady Denman Ferry and all kinds of Aboriginal artefacts. Then we had lunch. After that, we went on a mangrove walk and saw lots of crabs. Finally, we watched Laddie do some Aboriginal boomerang throwing. He was really good at it because it came back every single time! Lastly we got back on the bus for the trip back to school. We came back to school around 4:15 but I didn’t mind because it was so much fun! Thank you to Mr Harrison for organising such a great day!”
